Services

Refurbishment Works

When it comes to renovation work, we are dedicated to assisting our clients throughout the entire renovation process.

From providing general planning advice to executing the necessary construction works, we ensure that the client's business operations and opening hours remain unaffected.

Our team adopts a flexible approach to all projects, prioritizing the discovery of our clients' true desires and incorporating these elements into each individual project. Our primary ambition is to understand what our clients really want and to seamlessly integrate these features into the renovation.

Services

Quality Assurance

For all our ongoing projects, we conduct rigorous internal inspections to ensure the highest standards of quality and safety. Our inspection process includes:

- **Concrete Testing:** Verifying the strength and durability of the concrete used.
- **Task Inspection:** Assessing completed tasks for accuracy and compliance.
- **Quality Checks:** Evaluating the quality of installed features to ensure they meet our standards.

If any issues are identified, we promptly issue formal requests for corrective actions and ensure the problems are resolved swiftly and effectively.
